

## Grinding belts, type R

The top grinding belt commercially available. With significantly less processing time and distinctly superior service life. Recommended primarily for processing corrosion resistant and high-alloy steel. Extra heavy polyester fabric, full resin bond with zirconium aluminum oxide. Additional top layer for cooling during the grinding process.

 $3 \times 90-9/16$  [75 x 2,300] in[mm] for radius grinding with the GRIT GXR module for contact rollers with a dimension of > 3-1/8 [80] in[mm].
