

Drill chuck SKE

Automatically re-tightening flat-jaw drill chuck made of solid metal from Röhm. Prevents spinning of twist drills and tappers. Clamping range 1/16 in [1.5 mm] to 1/2 in [13 mm]. Precise work thanks to high concentricity accuracy of up to 1/64 in [0.35 mm]. Compatible with all FEIN cordless drill/drivers with QuickIN / QuickIN MAX interface.

Product number: 6 42 03 006 01 0
