

GXR

Radius grinding unit

Radius grinding module for exact-fit grinding of pipe, profiles and flat materials

Product number: 9 90 01 001 11 0

Details

- + For precisely cutting radii (with a diameter from 5/8 [16] to 3-1/2 [90] in[mm]) on pipes and profiles.
- + Contact rollers in standard sizes are available as options
- + Optional length stop for production applications
- + Integrated depth stop
- + Optional combination with GX 75 (2H) belt grinders
- + Independent angle settings possible up to 90°

Price includes

- + 1 Contact roller 1-11/16 in [42.4 mm] dia.
- + 1 Grinding belt 75 x 2250 mm (36 grit R)
- + 1 Contact roller 1-7/8 in [48.3 mm] dia.

Technical data

TECHNICAL DATA

Pipes up to Ø

3/4 [16] - 3 [75] in[mm]

Belt dimension

3 [75] x 88-1/2 [2,250] in[mm]

Max. dimension of profile/flat material

3 [75] x 3 [75] in[mm]

Weight

119 [54] lbs[kg]
