Details

- Anti-vibration system: Permanently safe, pleasant working conditions with minimum vibrations and outstanding noise damping.

- StarlockPlus tool mounting: Work faster and with higher precision thanks to 100% no-loss power transmission.

- QuickIN: Tool change in under 3 seconds with a patented, tool-free, FEIN rapid-clamping system.

- With the StarlockPlus tool mounting, you have access to around 100 FEIN accessories in the Starlock and StarlockPlus performance categories.

- DC motor: Effective, high-torque motor technology for output that is virtually identical to that of the model with a cord.

- Tacho generator: Constant speeds, even under load, and infinitely variable electronic speed control.

- Metal drive head: High load capacity and maximum service life, since all drive head parts are made of metal.

- Mechanical interface: For stationary use in the table or drill jig holders, or to attach depth stops.

- Electronic cell protection (ECP): ECP protects storage batteries against overloading, overheating and deep discharge.

- COOLPACK technology ensures a longer storage battery service life, enabling longer operation times.

- The battery capacity can be read directly on the battery.

- Compatible with AMPShare/Bosch Professional 18 V batteries from 2008 on.

- Perfectly equipped for any job with our L-BOXX system.
