

# HSS twist drill with 3/4" Weldon fitting

Cutting depth 35 mm

Product number: 6 31 11 019 01 0

## Technical data

### TECHNICAL DATA

Bore Ø

7 mm

## Suitable for the following tools

- |                                                                                                                                                                                        |                                                                                                                                                                                                                                                    |                                                                                                                                                                                                            |
