Details

- + For extreme precision work: The ASCD 18-300 W2 AS with electronic torque setting (6 levels) prevents screw heads from shearing off.
- Impact wrench/driver-compatible VARIO adapter turns the impact wrench/driver into a tapper, thereby adding a whole new tool to the range of applications.
- + The 5-part FEIN VARIO tapper set covers sizes M8, M10, M12, M14, M16.
- → VARIO tapper for through holes. Long service life, thanks to high material strength (64 HRC), special cutting geometries suited to impact wrench/drivers and a TiAIN (titanium-aluminium-nitride) coating. The bits experience low levels of wear and friction as well as being heat-resistant to 800 °C. Thanks to the high speeds and number of blows, they can therefore be used in steel up to 900 N/mm².

- Brushless FEIN PowerDrive motor with 30 % higher efficiency and long service life.
- + 1/2" square for holding sockets.
- + Metric screws up to M18 (8.8).
- + Compatible with Bosch Professional 18 V batteries (available since 2008) and AMPShare batteries.
- → Maximum work progress with AMPShare 18V storage batteries: COOLPACK 1.0 technology ensures a longer storage battery life compared with batteries without COOLPACK technology and therefore makes longer operating periods possible. ECP protects the storage battery against overload, overheating and total discharge.
- Ideally equipped for every form of use. Mobile working with the L-BOXX system.

Price includes

- + 1 x ASCD 18-300 W2 AS (including belt clip, bit holder)
