Details

- Anti-vibration system: Permanently safe, pleasant working conditions with minimum vibrations and outstanding noise damping.
- StarlockMax tool mounting: Work faster and with higher precision thanks to 100% no-loss power transmission.
- QuickIN: Tool change in under 3 seconds with a patented, tool-free, FEIN rapid-clamping system.
- With the StarlockMax tool mounting, you have access to around 180 FEIN accessories in the Starlock, StarlockPlus and StarlockMax performance categories.
- 18 V FEIN PowerDrive motor: Especially powerful, virtually wear-free brushless motor with high efficiency, extremely high load handling and long service life.
- Tacho generator: Constant speeds, even under load, and infinitely variable electronic speed control.

- Metal drive head: High load capacity and maximum service life, since all drive head parts are made of metal.
- Mechanical interface: For stationary use in the table or drill jig holders, or to attach depth stops.
- Electronic cell protection (ECP): ECP protects storage batteries against overloading, overheating and deep discharge.
- COOLPACK technology ensures a longer storage battery service life, enabling longer operation times.
- The battery capacity can be read directly on the battery.
- Compatible with AMPShare/Bosch Professional 18 V batteries from 2008 on.
- Electronic safety cut-off protection for users if the saw blade blocks, for example.
- Perfectly equipped for any job with our L-BOXX system.
