

DID YOU KNOW THAT ...

27%

of all reportable accidents at work involve angle grinders.*

16%

of accidents at work involving grinders result in the person forced to retire from work permanently.*

86%

of all accidents can be traced back to a loss of tool control during the task.*

*Statistics into accidents at work in 2020 by the DGUV (German Social Accident Insurance)

PROTAGO EXCEPTIONALLY SAFE

+ **Fully enclosed motor housing** protects the motor from aggressive ceramic and mineral dusts

+ **Fatigue-free working** thanks to narrow grip dimensions, compact design and a well-balanced low weight

+ **Non-removable safety guard**

+ **Tool-free quick clamping system**

+ **Kick-back monitoring, soft start, restart protection, electronic overload protection and braking function**

reddot winner 2022
best of the best

The new FEIN cordless angle grinder.
A unique operating concept that almost fully eliminates the risks associated with improper operation.

18 V, 5.2 Ah | 2500–8500 rpm |
Ø 5" (125 mm) | 5 lbs (2.3 kg)*

+ **Variable electronic speed preselection**

+ **Safe guidance** thanks to the side handle, which can be adjusted into 6 positions

+ **Two-handed operation** provided by integrated dead man's switch ("AutoStop") and permanently integrated side handle

* Weight without battery

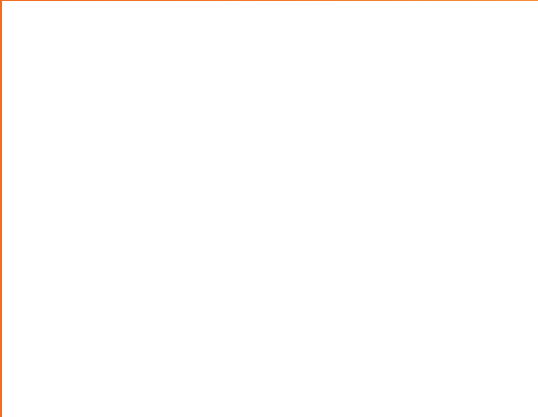

LET'S PUT AN END TO THAT! WE HAVE THE SOLUTION.

Shared innovation

The new FEIN cordless angle grinder.
Developed in collaboration
with BOUYGUES CONSTRUCTION.

BENEFITS FOR YOU

GUARANTEE PROTECTION AND SAFETY

Ultimately, as the employer, you are also responsible for the health and safety of your employees. Protect your employees from harm and potentially lifelong negative consequences.

MINIMISE RISK

Depending on the severity of the accident at work, a company may face huge costs. Now you can finally get this incalculable risk under control.

REDUCE ADMINISTRATIVE WORK

No accidents means: no administrative work, no disputes with employers' liability insurance associations and health insurance companies or lengthy legal battles.

IMPROVE PLANNING CERTAINTY

Your projects can be planned with greater reliability. Downtimes caused by accidents become a thing of the past. Qualified and available employees are a valuable factor in completing projects on time.

THE HIGHEST STANDARD OF SAFETY!

Play the right card with the **FEIN PROTAGO**. Virtually all operating mistakes caused by negligence or wilful improper handling are eliminated by the design of the tool.
