## Processing

The Organiser checks whether the customer is entitled to the free product. Verification of the request is normally completed within 30 business days from receipt of the complete and on time submission of documents. If the verification check is successful, the Organiser ships the free product 8 weeks after the new tools have been registered at the latest. The free product is shipped to the address that the participant stated during registration. Please do not chase a product until 40 working days after the request was made because there may be delays in the process. The Organiser is entitled to contact the participant by e-mail or phone in relation to any queries regarding the processing of the promotion.

The claim for product is not transferable. Payment in cash and payment in kind is excluded. Entitlement to the free product lapses if the promotional tool is permanently returned under the legal right to withdrawal or through the dealer as a gesture of goodwill. If a promotional tool that has already been registered for the promotion is returned within 6 months, the claim to the free product is voided. If the product has already been requested or claimed, the participant will be subsequently invoiced for the value of the free product by the Organiser.

## Miscellaneous

The Organiser reserves the right to run checks. Should it become apparent that a purchaser has not fulfilled the prerequisites for participation or has acted in an improper manner, the Organiser is entitled to refuse to ship free product or to reclaim products that have already been shipped.

Any tax liability arising from the free product is the responsibility of each participant. Participants, who are able to deduct the input tax legitimately, are reminded of their obligations regarding the free product in accordance to UK TAX law.

These terms and conditions of participation are subject to UK law to the exclusion of the UN Convention on Contracts for the International Sale of Goods (CISG). The registered office of the Organiser is the exclusive place of jurisdiction for all disputes.
