Power: 1,100 W

No-load speed: 8,500 rpm

Order # 72218860090

FEIN Abrasives: Consistent performance, quality and safety.

## FEIN Flap Discs One-step grinding and finishing!

FEIN FlashDisc SP wheels are made from superior performance zirconia abrasive flap material.

- For stainless steel, steel and non-ferrous metals.
- Contaminate-free, no iron, sulphur or chlorine added.
- Zirconia flaps are designed for high stock removal and long service life.
- Zirconia alumina flap wheels provide a distinct advantage over reinforced grinding wheels and can reduce labor costs significantly.

## FEIN Cut-Off Wheels Quick easy cuts and minimized burr formation!

FEIN FlashCut GP cut-off wheels are consistent in their quality, performance and level of safety compliance.

- For stainless steel, steel and non-ferrous metals. Contaminate-free, no iron, sulphur or chlorine added.
- Specifically designed for universal cutting of steel sheet metal, bar stock and cross sections.
- With smooth cutting action, high lateral stability and minimal pressure required; the .045 thickness allows for fast cutting.

Promotion only available through participating dealers.
